

Working Scientifically		
EYFS	Y1	Y2
(Lots of child-initiated work involving their own observations and questioning of the world around them.)	<ul style="list-style-type: none"> • Asking simple questions and recognising that they can be answered in different ways • Observing closely, using simple equipment • Performing simple tests • Identifying and classifying • Using their observations and ideas to suggest answers to questions • Gathering and recording data to help in answering questions 	

Animals Including Humans		
EYFS	Y1	Y2
<p>Understanding the World - Explore the natural world around them, making observations and drawing pictures of animals and plants</p> <p>(In discussion with books and looking at woodland animals specifically)</p>	<ul style="list-style-type: none"> • Identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals • Group animals according to what they eat • Identify and name a variety of common animals that are carnivores, herbivores and omnivores • Describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals, including pets) • Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense 	<ul style="list-style-type: none"> • Notice that animals, including humans, have offspring which grow into adults • Find out about and describe the basic needs of animals, including humans, for survival (water, food and air) • Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.

Living Things and Their Habitats

EYFS	Y1	Y2
<p>Understanding the World - Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class</p> <p>(In discussion with books and looking at woodland animals specifically)</p>		<ul style="list-style-type: none"> • Explore and compare the differences between things that are living, dead, and things that have never been alive • Identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other • Identify and name a variety of plants and animals in their habitats, including micro-habitats • Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food.

Plants		
EYFS	Y1	Y2
<p>Understanding the World - Explore the natural world around them, making observations and drawing pictures of animals and plants</p> <p>(Growing plants in school)</p>	<ul style="list-style-type: none"> • Identify and name a variety of common wild and garden plants, including deciduous and evergreen trees • Identify and describe the basic structure of a variety of common flowering plants, including trees 	<ul style="list-style-type: none"> • Observe and describe how seeds and bulbs grow into mature plants • Find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.

Materials		
EYFS	Y1	Y2
	<ul style="list-style-type: none"> • Distinguish between an object and the material from which it is made • Identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock • Describe the simple physical properties of a variety of everyday materials 	<ul style="list-style-type: none"> • Identify and compare the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for particular uses

	<ul style="list-style-type: none"> Compare and group together a variety of everyday materials on the basis of their simple physical properties. 	<ul style="list-style-type: none"> Find out how the shapes of solid objects made from some materials can be changed by squashing, bending, twisting and stretching.
--	--	--

Seasonal Changes		
EYFS	Y1	Y2
Understanding the World - Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter. <i>(Briefly discuss the seasons as they change in real time)</i>	<ul style="list-style-type: none"> Observe changes across the four seasons Observe and describe weather associated with the seasons and how day length varies. 	

States of Matter		
EYFS	Y1	Y2
Understanding the World - Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter. <i>(Look at ice melting in Spring)</i>
